TOOLS

DENISA COTEANU

DIGITAL DESIGNER

PROFILE

I blend web design, storytelling, and brand identity to create work that's clear, engaging and built to last. Now I'm looking for new collaborations, because whether it's crafting interactive moments on the web or building a strong identity, my goal stays the same: design that communicates and leaves a mark.

EXPERIENCE

2023
PRESENT

GRAPHIC DESIGNER

BERARIA H - BUCHAREST, ROMANIA

I have been working for Beraria H as a graphic designer. I created visual materials for events and campaigns, including posters, menus, banners and content for all their social media platforms. I also handled photo editing and adapted visuals to different formats, helping maintain a clear and consistent look for both print and digital communication.

2025
PRESENT

UX/UI DESIGNER

BERARIA H - BUCHAREST, ROMANIA

I am currently working on a microsite for Beraria H as part of my graduation project and internship. The project follows the full Design Thinking process: researching user needs, defining the problem, creating wireframes and visual layouts, and then building the site myself through coding. The microsite is still in progress and will be completed as part of my final semester.

2023
PRESENT

FREELANCE DESIGNER

As a freelance designer, I collaborated with small businesses on brand visuals, social media content, promotional materials and the creation of websites. My work included video editing, design for packaging, printing products, creating logos, creating web prototypes and bringing them to life through code, all created to match each brand's visual identity.
